Quick Start Guide

Introduction

Increase the functionality of your iPad Pro/Macbook Pro/Air's with the ALOGIC USB-C Anchor HDMI Hub. Designed and engineered specifically for your USB-C enabled device, the USB-C Anchor HDMI Hub provides you full access to some of the most popular ports at home, the office or on-the-go. Featuring HDMI (4K@60Hz) output for a crisp resolution when you connect to an external display monitor, USB-A (USB 2.0) supporting up to 480Mbps data transfer rate, USB-C with Power Delivery (60W) and a 3.5mm AUX audio port. With a plug-and-play design, the Anchor HDMI Hub becomes an extension of your device without the need for software or drivers.

Specifications

Model	UCANCHD
Input	USB-C
Output	1 x HDMI (4K@60Hz), 1 x USB-A (USB 2.0) with 480 Mbps data transfer rate, 1 x 3.5mm Headphone jack, 1 x USB-C with Power Delivery (60W)
Resolution	4K@60Hz
System Requirement	iPad Pro, MacBook Pro/Air or any USB-C enabled devices

Features

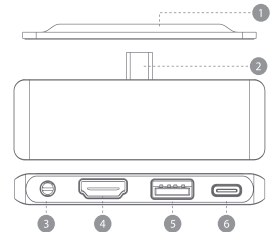

- Highly portable due to its compact and lightweight design
- Crafted from aluminium and soft touch ABS for an elegant design
- Anchor Grip to strengthen the grip/connection between the hub and your device
- Includes a full array of ports – USB-A (USB 2.0), USB-C with Power Delivery (60W), 3.5mm audio headphone jack and HDMI Port (4K@60Hz)
- Universal compatibility with most USB-C devices such as the iPad Pro, MacBook Air/Pro, etc

Package Contents

USB-C Anchor HDMI Hub
User Manual

Physical Layout

- 1 Anchor Grip
- 2 USB-C Connector
- 3 3.5mm Audio Port
- 4 HDMI
- 5 USB-A
- 6 USB-C Port (Power Delivery)

Making the Connection

1. Plug the Anchor HDMI Hub's USB-C connector into your iPad Pro's or Laptop's USB-C port. With a Plug and Play design, the device should work automatically without the need for additional driver or software installation.
2. Connect your existing HDMI cable to the dock's HDMI (4K@60Hz) output and to an external display monitor for high-resolution presentations, video streaming and conference calls while on-the-go. Requires direct HDMI to HDMI connection.
3. Use your existing USB2.0 cables to connect devices like your mouse or USB flash drive.
4. Attach your headphones to the Anchor HDMI Hub additional 3.5mm audio headphone jack to listen to music while charging your device simultaneously for an uncompromising portable experience.
5. The Anchor Grip can be removed and replaced with the opposite orientation to allow desired position on the left or right of your device. It can also be removed and the Hub used without the anchor grip.

FCC Warning

This device complies with part 18 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment
