Quick Start Guide

Introduction

The ALOGIC Rapid 5,000mAh Power Bank is designed to be amongst the most compact, and functional charging solutions on the market. Offering simplicity, it is the perfect companion when you want a portable easy to carry power source for one device. The power bank features a USB-C port to charge the power bank and a USB-A port with 5V/2.4A output to charge your smartphones or tablets.

The Power Bank is equipped with four blue LED lights, which indicate the battery level to ensure you'll always be aware of the Power Bank's status.

The power bank acts as a portable solution that charges your USB-A devices, without worrying about having all your chargers accessible, whether you are at home, on-the-go or on a plane.

Specifications

Model	RA05BK
Input	USB-C
Output	USB-A (5V/2.4A)
Power	Maximum power output of up to 12W
Warranty	2 years

Features

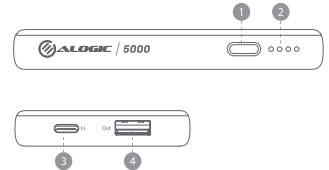

- A full array of charging capabilities: USB-C input (10.5W), USB-A (12W)
- Lithium battery capacity: 5,000mAh
- 4 LED's to indicate charging and power level.
- Inbuilt high temperature, short circuit, overcurrent, low voltage, overvoltage and over-discharge protection.
- 30cm USB-C to USB-A Cable

Package Contents

Rapid 5000mAh Power Bank
30cm USB-C to USB-A cables
User Manual

Physical Layout

- 1 Power button
- 2 LED indicators
- 3 USB-C
- 4 USB-A

Operation Instruction

Before using the ALOGIC Rapid 5000mAh Power Bank for the first time, fully charge the device by plugging the USB-C cable to the power bank and a wall charger. The LED indicators will flash and show the battery capacity to indicate charging.

Charging via cable:

1. To charge your device connect via USB-A cable to the power bank's USB-A output. Press the power button, the LED indicators will turn on to indicate that your device is successfully being charged.
2. To charge your powerbank connect a compatible power source to the power bank's USB-C input. The 4 LED will turn on/off to indicate that your device is successfully being charged.
3. To check the battery status of the power banks, press the power button.

Understanding the LED lights

- Power On:** Press the button to display the battery level with the corresponding LED lights
- Charging:** Flashing blue LED lights turns on corresponding to charging the power bank, smartphone or tablet device.
- Fully charged Power Bank:** All blue LED light turns on.
- No Power:** No LED after short button press.
