1 x Power Bank

1 x User Manual

How to Use

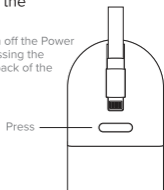

Switching on the Power Bank

Switch on the Power Bank by long pressing the power button at the back of the Power Bank. Once done the LED will light up to indicate the Power Bank is switched on.

Switching Off the Power Bank

Once used switch off the Power Bank by long pressing the power button at back of the Power Bank.

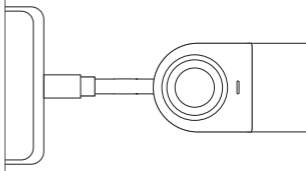

Charging your Apple Watch

Rest the Apple Watch aligning the watch base to the magnetic module on the power bank. Once done the Apple Watch will start charging and will display the charging status.

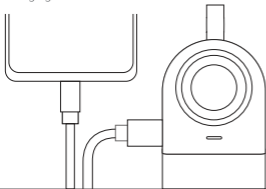

Charging with the integrated Lightning cable

Connect the iPhone to the integrated Lightning cable. Once connected the iPhone will start charging.

Charging your device with USB-A Port

Connect the USB-A end of the charging cable in the USB-A port of the power bank and the other end of the cable in your device. As soon as the cables are connected your device should start charging.

Charging the Power Bank

Connect the Power Bank's Micro USB Port to a Wall Charger or a charging port on a computer using a Micro USB Cable.
