USB-C Docking Station with Stand

WITH 100W POWER DELIVERY

Part no. ● ALDHDLR

Dual Display

4K Ultra Video Support

100W Power Delivery

USB-A (USB 3.1 Gen 1)

USB-C Cable Included

SD & Micro SD Card Reader

Gigabit Ethernet

Plug and Play

Dual Display – Up to 4K

The 10-in-1 dock can support up to two external displays connected to the 2 x HDMI outputs*. The dock supports extension or mirroring when used with a Windows Laptop or MacBook device.

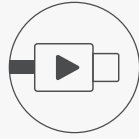

* The quantity and resolution of video outputs supported is dependent on the capabilities of the computer used with the docking station. Refer to the resolution support table for details on the output capabilities of computers based on their specifications.

100W

100W Laptop Charging/Power Delivery

The docking station uses the latest Power Delivery Technology, that allows upstream charging of your USB-C enabled laptop or MacBook devices with up to 100W of power while also transferring Video, Audio, Ethernet, and Data, all at the same time.

Plug and Play

To make the user experience simple and efficient, the Bolt Plus 10-in-1 Hub is equipped with a Plug and Play design, this feature eliminates the need to install any additional software or driver, all you need to do is simply plug the hub, and the device is ready to use
